

PIC/D-149-59
16 September 1959

MEMORANDUM FOR: Chief, DPD-DD/P

SUBJECT: Upcoming Meetings of Photographic
Engineers and Space Technologists

1. Noted for your attention are the following three meetings of Photographic Engineers and Space Technologists:

a. Instrument Society of America

24 Sept 59, Morrison Hotel, Chicago, Ill.

b. Society of Motion Picture and Television Engineers

5-9 Oct 59, Statler-Hilton Hotel, New York, N.Y.

c. Society of Photographic Engineers and Scientists

26-30 Oct 59, Edgewater Beach Hotel, Chicago, Ill.

Copies of the advance programs are included herewith and you will quickly recognize names of some participants and the relative importance of the subjects. PIC will be covering these meetings with concentrated attention on R & D subjects falling within our fields of major interest. Perhaps you would like to send someone to cover subjects of primary interest to you.

2. Following the SPES Meeting in Chicago on 30 October, I have been invited to bring my ECS-PES Joint Working Group on Intelligence Ground Photography to Chicago Aerial Industries for meetings on 2-3 November 1959. You might have interest in reviewing this operation as well.

3. Finally, I will be attending the 117L Advisory Committee Meeting at BMD-Lockheed in the Los Angeles area on 13-14 October 1959. In any or all of the foregoing meetings if we can be of help in arranging entry for your people or in following up on certain items of interest to you, we would welcome your suggestions.

ARTHUR C. LUNDAHL
Director
Photographic Intelligence Center
